

Kathy Kostrivas

Ronald McDonald House Charities of Madison Board of Directors

Kathy is a retired nurse leader, previously supporting UnityPoint Health-Meriter and UW Health as Executive Director of Mother-Baby Services. Her entire career encompassed caring for mothers and babies throughout the continuum of care in Madison and the Milwaukee Area.

Kathy earned her nursing degree at Marquette University and master's degree in Business Administration at Cardinal Stritch University and is certified in inpatient obstetrics.

As an advocate for patient programs and services, Kathy's focus remains on the patient experience and clinical quality, blending this with a strong background in strategic planning and quality improvement.

Kathy's gratitude of good health and a great family is what inspired her to "pay it forward" to those in need, including serving on the board of the Unplanned Pregnancy Connection—Milwaukee.

She is a member of the WI Association for Perinatal Care, with many connections to neonatal and maternal providers throughout the state whose patients are key users of our facilities and services. She also serves on the Wisconsin Perinatal Quality Collaborative steering and data committees, leading and supporting development of quality initiatives to improve care for mothers and babies.
