

Wendy Lommen

Ronald McDonald House Charities of Madison Board of Directors

The Lommen family's Courtesy Corporation owns and operates 62 McDonald's restaurants in WI, MN, and IA, giving Wendy vast experience with McDonald's restaurants and Ronald McDonald House Charities. Wendy's husband, Rick Lommen, is a second-generation owner/operator and their daughter and son-in-law are working on becoming the third.

Her experience in the food industry began even before ownership. Wendy holds a degree in Food Chemistry from UW-Madison, developed products at Merkt Cheese Co, and served as quality control director for Coca-Cola Co of Milwaukee.

For 27 years, Wendy has supported RMHC-Madison. As Executive Director of the granting Chapter known as RMHC-Western WI & SW MN, she is inspired by the stories of the families in need and supports all of these entities.

The Lommens believe in giving back to their regional community. Wendy is past Board Chair of Ronald Mc Donald House of Rochester MN. Company-wide, they have worked closely with Boys and Girls Clubs of La Crosse, Gundersen Medical Foundation, and Gundersen Health System Board of Trustees.

Wendy and Rick were raised and live in the La Crosse area. They have three adult children; along with other family activities, they love to cook.
