

OUR IMPACT

RMHC-Madison programs support families by providing stability and vital resources they need to focus on what's most important – their child.

~11,000 night stays provided annually at the **Ronald McDonald House** and **Ronald McDonald Family Room**

~450 visits provided annually to children in northern Illinois by the **Ronald McDonald Care Mobile**

12 days a year is the average family stay however many stay months or even a year

\$135 covers a guest room for one night

31,350 meals served annually

10,000+ volunteer hours

FRANKIE'S FAMILY

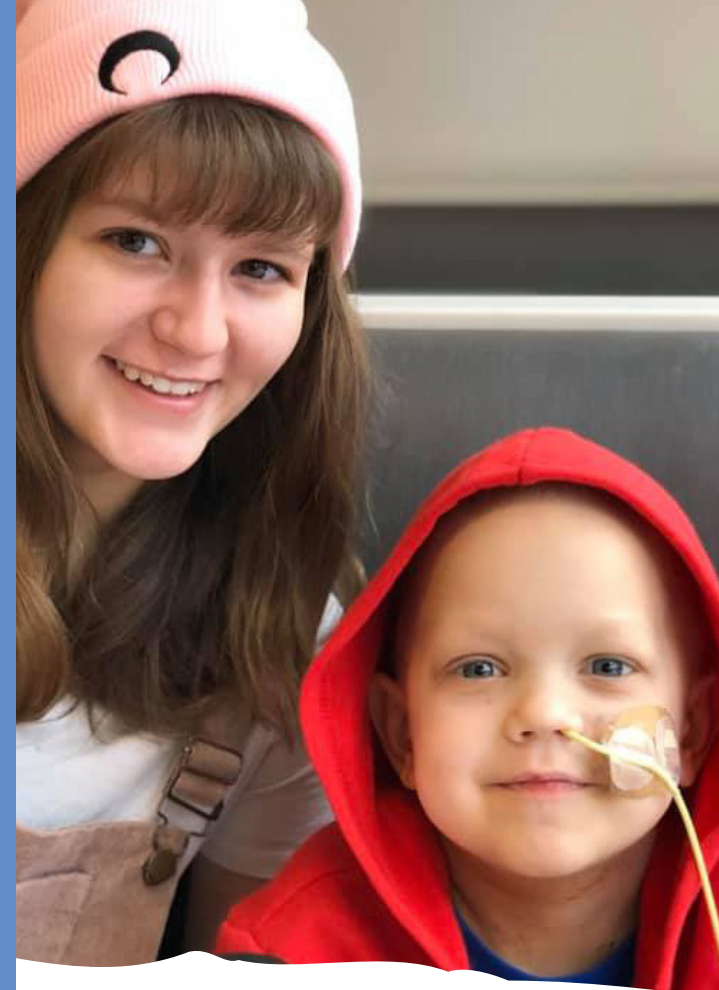

Like many 10-year-olds, Frankie is an energetic kid who loves to dance, swim, and play with her dog. Frankie started complaining about her right cheek hurting. Her parents took her to the doctor thinking she might have a sinus infection. After multiple doctor visits, an X-ray showed a large mass in her right cheek which they determined to be cancer. Frankie and her family stayed at the Ronald McDonald House for nearly a year as she received chemo and radiation. We are happy to share that Frankie's most recent scans were clear.

"We are thankful for the Ronald McDonald House. It is a relief knowing we have a nice, safe place to stay near the hospital. If I have learned anything, it is not to take anything for granted and cherish every moment with your family."
– Jaime, Frankie's mom

Improving the health and well-being of children and their families

ABOUT US

Believing that every family deserves access to healthcare, RMHC-Madison creates, finds, and supports programs that directly improve the health and well-being of children and their families. We believe when families are together, they cope better and that no family should have to deal with their child's medical crisis alone.

RMHC-Madison keeps families with sick children close to each other while they receive medical care at area hospitals. Through three core programs - the Ronald McDonald House, the Ronald McDonald Family Room at SSM Health St. Mary's Hospital - Madison, and Ronald McDonald Care Mobile - we provide access to quality healthcare to thousands of families annually and ensure they have the support needed to fully participate in their child's medical care.

"The Ronald McDonald House feels like coming home. When you are there, they keep it simple for you."
- Tommy, Kingston's dad

PROGRAMS

Ronald McDonald House

The 31 bedroom Ronald McDonald House in Madison helps families worldwide stay close to their children while receiving hospital care, increasing the caregivers' ability to spend more time with their child, interact with their clinical care team and participate in medical care decisions. It also allows siblings and other family members to be present and engaged.

Ronald McDonald Family Room

The Ronald McDonald Family Room at SSM Health St. Mary's Hospital - Madison provides respite where families of hospitalized children can regroup away from the hospital atmosphere with four sleep rooms, a kitchen, living room, family amenities closet, and laundry facilities.

Ronald McDonald Care Mobile

Ronald McDonald Care Mobile provides preventive health care including exams and vaccines for uninsured and under-served children in northern Illinois.

WAYS TO GET INVOLVED
